largely attributable to the fact of its efficacy as a remedy for chills and faver, billous remittents, and as a preventive of the various forms of malarial disease. In those portions of the West and South where complaints of this nature prevail, and in the Tropics, it is particularly esteemed for the protective influence which it exerts, and it has been very widely adopted as a substitute for the dangerous and comparatively ineffective alkaloid, sulpaste of quinne. Physicians have not been among the last to concede its merits, and the emphasic professionat endorsements which it has received have added to the reputation it has obtained at home and abroad.

RICHMOND, May 27, 1890. TRIMMED MILLINERY.

Our stock of Trimmed Millinery is so large and so variagated at present that we can suit all tastes, even the most fastidious. In our Millinery Parlors of the second floor you will find hundreds of Trimmed Hats and Bonnets. In fact in our establishment you will find the greatest assortment that can be shown by any merchant in the city. We have low-priced goods and the finest imported patterns, and we guarantee to all of our customers unqualified satisfaction.

UNTRIMMED HATS.

In this department (which is one of the largest in our store) we show beautiful variety of shapes and colors. We can show you the cheap grade of Rough and Ready Straw, and the medium grade can also be found in abundance on our counters, and should you wish an English Milan or a fine French Chip Leghorn we can furnish them from the smallest child's size to the largest drooping brims. In this department also we guarantee satisfaction in quality and price.

FLOWERS.

Do not fail when you enter our store to notice the huge embankment of flowers near the entrance. In our stock in this line can be found every kind of flora that grows. They come in all prices, and we have them as low as 8c. This stock is well worth seeing even if you don't buy any.

RIBBONS.

There seems to be no end to the demand for Ribbons, which it would appear have gotten to be a necessity instead of a luxury, especially at this unveiling season, when they come in so handily for badges, decorations, &c. As a sort of souvenir during this week we propose to make it advantageous to those who have never visited our Ribbon Department in order that they may become acquainted with it to offer our Ribbons by retail at wholesale prices. This will only hold good during this week, and is an opportunity which should not be missed.

INFANTS' AND CHILDREN'S CLOAKS,

We are now offering in addition to the general attractions in this department some very tempting bargains which mothers cannot afford to miss. This stock is very large at present, and we are willing to sell at a sacrifice,

MUSLIN UNDERGARMENTS

In the Ladies' Muslin Undergarment Department, which has been largely replenished during the last few days, will be found all sorts and kinds of Gowns, Chemise, Dressing Sacks, &c., all made of the best material to be had, and all bearing evidence of the best possible workmanship. Our reputation for keeping Staple Goods was partially won by what we have sold in this department in the past, and we propose to uphold it in the future.

This being a memorable week in the hearts of all true Virginians and many others who are not natives of this glorious State, we will endeavor to do our

share to add lustre on this special occasion.

To the ladies of Richmond and all visitors we will only say a few words, as we believe in short and sweet sentiments at all times, particularly just at present.

As the barvest season is rapidly approaching we would call the attention of the Virginia farm-ers to the justij-celebrated "DESRING" GRAIN- AND GRASS-CUTTING MACHINERY, GRAIN- AND GRASS-CUTTING MACHINARY, which is the very scene of perfection in simplicity, liguiness of draft, and durability. The "Desting" is indeed the "King of the field," having downed all competitors. We would advise all who contemplate purchasing to call on or write to the undersigned, general agents, who are also agents for the celebrated.

IN 18-80& Windaws No. 1848 Main street.

When this house was built the first

knell of "Liberty" to the purchasing public was sounded. The revelry extends over everything that you can want. Many things that were thought not to belong to the "Dry Goods business" are shown here in quantity that is amazing. No such assortment of good and reliable wares was ever dreamed of in Richmond. And it is proven now that many wares that were retailing all over the city with a 100 per cent. profit are successfully turned over with advantage to you and us, too, at a nominal percentage. This is one part of the "Liberty" only. The next part is that you do your own buying-as you please, when you please, and where you please. You are not forced, nor even asked to buy. The House is your own and the salespeople are your attendants, to do your will and biddings,

This is great buying time for you. The thermometer of prices has dropped as never before. We have taken in thousands upon thousands of dollars' worth of stuffs and they are sold as they were bought, at slaughter prices.

The importer's prices of Dress Goods is one, ours is near one half of it,

Embroideries are sold here for less than one half the cost of importation, and the same can be said of thousands of various wares in all the various de-

are in plain figures and guide you to the best of values.
